At the heart of Chrysalis are people – individuals with disabilities who possess tremendous spirit, talent, ambition and resilience. For more than 50 years, Chrysalis has been a place where abilities are discovered and nurtured to help people grow, develop, connect and contribute. Respectful of the unique attributes of those we serve, we are person-centred in how we work and what we do.

The *Heart of Chrysalis Gala* is more than a breakfast – it's a celebration of what happens when people are seen, supported, and empowered. It's a tribute to the strength of individuals with disabilities and a call to action to engage as allies in building communities where everyone belongs.

Join corporate partners, community leaders, families and compassionate donors and sponsors to celebrate the progress being achieved and ongoing efforts to remove barriers, open doors and welcome people often excluded. The event will showcase how lives are transformed, and stronger and more inclusive communities are created.
